EDUCATION

- **Postgraduation (M Sc)**

📅 (Jun 2020 - Apr 2022)
Voorhees college
Thiruvalluvar University
📍 Vellore, TN

- **Undergraduation (B Sc)**

📅 (Jun 2017 - Apr 2020)
Voorhees college
Thiruvalluvar University
📍 Vellore, TN

SKILLS

- Java
- SQL
- Spring
- Spring Boot
- Hibernate
- JavaScript
- React.js
- HTML
- CSS
- Servlet
- JDBC
- JSP
- Bootstrap
- Tailwind
- DSA
- File Handling
- Exception Handling
- Collection Framework
- MySQL

CERTIFICATION

- Java Full Stack Development (JSpider)
- Java Programming (NPTEL)

PERSONAL SUMMARY

Technically proficient Java Full Stack Developer with strong analytical and problem-solving skills. Experienced in building robust web applications using Java, Spring Boot, and React.js. Skilled in working with relational databases such as Oracle SQL and MySQL. Proficient in Object-Oriented Programming, Java Collection Framework, and Data Structures and Algorithms. Focused on delivering efficient, scalable solutions and committed to continuous learning and growth in software development.

PROJECTS

Hotel Management System

- **Description:** Developed a web-based hotel management system to enhance food ordering from multiple restaurants.
- **Roles and responsibilities:-**
 - Designed and developed views using JSP and JSTL tags.
 - Implemented business logic in Spring MVC controllers to troubleshoot and resolve problems.
 - Developed entity classes and configured database.
 - Developed application with MVC Architecture and dao design pattern

TODO Management App

Spring Boot | React.js | MySQL | RESTful APIs | Spring Data JPA

- **Roles and responsibilities:-**
 - Built a full-stack TODO management system to perform CRUD operations on employee/task data.
 - Designed and implemented RESTful APIs for data persistence and task operations.
 - Developed React.js frontend with Axios integration and form validation.
 - Enabled real-time data interaction using state management and dynamic updates.
 - Ensured smooth cross-origin communication using CORS configuration.

STRENGTHS AND ACHIEVEMENTS

- Strong analytical and problem-solving skills.
- Critical thinking with a logical approach to complex technical issues.
- Effective communication and a positive attitude toward learning.
- Time management with the ability to meet project deadlines.
- Self-motivated and eager to learn new technologies.
- Strong problem-solving abilities with a collaborative mindset.
